Sir,

SUBJECT Layout of Industrial Suburb

With reference to your letter No L 12362/Rl 74-47-5 dated 18-1-48 returning the plans and estimates for the formation of the layouts of northern and southern zones of the Industrial Suburb with certain observations and asking for revised plans for the two layouts in the light of the observations contained therein, I have the honour to state that the plans and estimates are being revised accordingly and will be submitted to Government for approval after placing them before the Board In the meantime acquisition proceedings are being taken for the area required

As regards the formation of the northern zone of the Industrial Suburb, it is proposed to call for quotations for the formation of roads etc , and to execute road works by piece-work system after fixing up rates on the basis of the lowest quotations as this course of action is considered to be advantageous and cheaper to Government as observed by them in connection with the execution of similar works connected with the layout of Kumara Park West Extension (Vide your letter No L 11206/Rl 95-47-4 dated 27th November 1947)
